RE: **Information requested on March 10, 2004**

Mr. Sorensen:

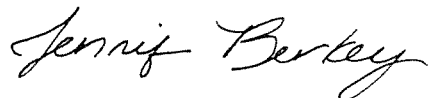

Please find attached copies of the following documents, which you requested during our meeting on March 10, 2004.

1. Chart of Big Lost River average daily gage data and estimated reservoir inflow from May 1, 2003 to August 9, 2004. This chart includes provisional USGS gage data for the Howell and 2-B gaging stations and has not been updated with final USGS gage data. The Leslie gaging station is measured and reported by Water District 34. The reservoir inflow is estimated from the 2-B gage data, Sharp diversion data, and estimated reservoir evaporation.
2. List of water rights diverted from the Big Lost River downstream of Mackay Reservoir, sorted by priority date.
3. List of water rights diverted from the Big Lost River downstream of Mackay Reservoir, sorted by diversion.
4. List of water rights diverted from exchange wells and rediverted from the Big Lost River downstream of Mackay Reservoir, sorted by point of diversion, injection, or rediversion.
5. List of water rights authorizing diversion to storage in Mackay Reservoir.
6. List of water rights diverted from the Big Lost River, Parsons Creek, Pole Stackyard Creek, and Warm Springs Creek upstream of Mackay Reservoir, sorted by priority.
7. List of water rights diverted from the Big Lost River, Parsons Creek, Pole Stackyard Creek, and Warm Springs Creek upstream of Mackay Reservoir, sorted by diversion.

Please note that these are working lists generated from the Idaho Department of Water Resources database, and are not a legal record of water rights. These lists may be updated to reflect new permits,

transfers, and/or corrections to the database. If you have questions regarding a specific water right or water use please contact me at 208-327-7871.

Respectfully,
